### Minimum Essential Amenities

All minimum essential amenities such as drinking water, seating arrangements, waiting hall, urinals and latrines etc have been provided at all stations on this railway as per category of the station.

However, revised norms of minimum essential amenities have recently been received from the Railway Board wherein instructions to provide increased additional facilities viz. UTS (additional item), number of taps, water coolers and seating arrangements, area of waiting hall and PF shelter, signages have been given. Efforts are being made to provide these additional facilities by 31.03.2016.

### Model Stations

All A1, A and B category stations are selected as Model stations for providing specific upgraded amenities i.e. desirable amenities. As per latest categorization done on the basis of the earnings of 2011-12 with new earning slabs a total 47 stations have been selected as Model stations.

Category-wise list of stations are as under:-

Category	No. of stations	Names of the stations.

### Battery Operated Cart.

For the convenience of the physically disabled, old aged and sick passengers, private parties have been allowed to operate Battery Operated Cart (vehicles) on platforms, on first cum first serve basis and under certain other terms and conditions. It is specified that all such battery carts no charges shall be levied either from passenger or from the Railways.

At present battery operated carts are operational at Mumbai CST (2 nos.), Pune (1 no.), Nagpur (1 no.) Solapur (1 no.) and Gulbarga (1 no.) stations.

Feasibility for operating similar carts at other major and important stations is being worked out.
